Education

Master of Business Administration in Music Business | Middle Tennessee State University

- Emphasized studies in strategic business management, finance, marketing, and operations within music production, recording, and live entertainment.

Master of Sciences in Business Analytics (Software and Data Engineering Focus) | University of Colorado Boulder

- Applied descriptive, predictive, and prescriptive analytics to structured and unstructured data for marketing, customer retention, pricing, segmentation, and promotion, leveraging Python, R, Big Query, Tableau, and Spark.

Bachelor of Sciences in Operations and Information Management | University of Colorado Boulder

- Coordinated projects with teams in project management, ERP systems, VBA, and data analytics.

Relevant Experience

Data Analyst--Global Capital Markets | AE Global Solutions Inc. (DBA Socrates Platform) (February 2018 – November 2021)

- Built and managed C# programs for data ingestion, enhancing data quality for 12K+ global subscribers.
- Controlled ETL processes in ASP.NET, optimizing the integration of datasets from MongoDB, Reuters, and S&P.
- Managed capital markets data pipelines, enabling \$100K in monthly subscription revenue.

Financial Statements Data Quality Analyst | Intrinio Inc. (May 2017 – November 2017)

- Spearheaded the NLP initiative under CFO guidance to accurately classify XBRL tags into financial statement line-items, enhancing data quality by 40%.
- Automated error detection, reducing manual workload by 80%, enhancing financial reporting accuracy across 10-K, 10-Q, 8-K, and 8-Q earnings statements.

Consumer Lending Analytics Intern | Wells Fargo (June 2016 – August 2016)

- Automated underwriting processes with SQL Server and decision trees, reducing application volume and review time per underwriter, cutting labor costs.
- Processed 400K+ monthly credit card applications, coordinating efforts across multiple departments within Consumer Financial Services.

Leadership Experience

Front End Assistant Department Manager | Kroger (April 2024 – December 2024)

Shift Lead | Walgreens (June 2022 – March 2023)

Relevant Projects

Chris Blogs | [View Portfolio](#) | (July 2017 - Present)

- Built and maintained a personal tech blog, evolving from React to Gatsby to Astro—demonstrating frontend adaptability and a commitment to staying current with modern web technologies.

Nashville ML In Python Meetup Group | [View Meetup Group](#) | (July 2017 - Present)

- Founded and lead a successful ML community, running hands-on coding sessions to reinforce personal learning and support others in mastering core data science and machine learning workflows.
